

LANGSTON UNIVERSITY

The Office of the Registrar evaluates and awards credit or exemption for certain scores on Advanced Placement (AP), the College-Level Examination Program (CLEP) and International Baccalaureate (IB). You should apply for admission and be sure to have your scores and transcripts sent to the Office of the Registrar for evaluation.

Credit Hours - Non-Traditional Options

The University in consultation with the departmental chair will award credit for non-traditional learning programs. The sources of non-traditional credits are

- (1) Advanced Placement Test
- (2) College Level Examination Program (CLEP)
- (3) International Baccalaureate Program (IB)
- (4) Military Credit

Advanced Placement Test

Langston University recognizes most Advanced Placement Examinations and awards college credit for a minimum AP exam score of 3.

Additional restrictions and requirements may apply to the policy listed below. For more detailed information, visit the college's AP policy on the Web or contact the college directly.

Credit by College Level Examination Program (CLEP)

The College Level Examination Program (CLEP) consists of general examinations and subject examinations. If a student is approved to CLEP and achieves the minimum test score as recommended by the American Council on Education (ACE) for one or more of the CLEP tests, appropriate departmental faculty, chairs, and/or their respective deans will review the score(s) to recommend courses for which students may receive credit, based on current departmental course offerings, requirements, and/or other standards. Students must score a minimum of 50 for acceptance of CLEP credits with exceptions as noted by ACE and understand that credit is not automatic, as each test score

must be reviewed within the context of current departmental requirements and standards as noted previously.

Students may use CLEP credits to fulfill course requirements in the general education curriculum and elective categories. CLEP scores are to be sent directly to the Office of the Registrar. CLEP credits do not count as a part of a student's academic load for a particular term. Correspondence and Distance Education courses are included in an academic load and need prior approval consistent with the policy on concurrent enrollment and overloads. Other information and testing sites are available in the Office of the Registrar.

Credit by the International Baccalaureate Program

The International Baccalaureate Program (IB) is a rigorous two-year high school curriculum offered throughout the world, including the United States. IB students, while attending high school, may pursue college-level studies and receive credit for final examinations upon entering the University. Minimum

scores are established by appropriate departments for the subject areas to be considered. Approval for course credit is granted by the appropriate academic departments after review of official IB transcripts, which are to be sent directly to the Office of the Registrar.

Military Credit

Langston University awards credit as recommended by the American Council on Education (ACE), as published in "The Guide to the Evaluation of Military Experiences in the Armed Services," for selected educational experiences provided by the armed forces. Langston University also accepts credit earned through the DANTEs Subject Standardized tests for active military personnel. Students who wish to establish credit for military training should submit a copy of their DD214, Armed Forces of the United States Report of Transfer or Discharge, or their DD295, Application for the Evaluation of Educational Experiences During Military Service, to the Office of the Registrar
