- Langston University students were asked to complete an online COVID-19 Emergency Fund application. On the application they verified that they had additional expenses related to items such as food, housing, course materials, technology, health care, or childcare due to the disruption of campus operations caused by the coronavirus. They also submitted an estimate of the immediate amount needed. This information was used to apply grant awards.
- Individual award amounts were determined by taking into account the amount of estimated immediate need reported by the student on the application as well as the student's overall financial need as determined by the Free Application for Federal Student Aid (FAFSA).
- A campus-wide email was sent to all students, faculty, and staff on April 16, 2020 notifying them of the availability of the emergency grants under Section 18004(a)(1) of the CARES Act and giving instructions to complete the application.

- A second phase of grant disbursements was announced on September 18, 2020; an email was sent with students who were identified as eligible asking them to confirm acceptance of the grant and verify their eligibility under Section 18004(a)(1) of the CARES Act.
