Supervised Clinical Experience

Note: The clinical experience requirements in this section are preloaded from the prior year's IPRC. Teacher preparation providers will enter the number of participants each year.

Provide the following information about supervised clinical experience in 2022-23. ([§205\(a\)\(1\)\(C\)\(iii\)](#), [§205\(a\)\(1\)\(C\)\(iv\)](#))

Are there programs with student teaching models?

- ☒ Yes
- ☐ No

If yes, provide the next two responses. If no, leave them blank.

Programs with student teaching models (most traditional programs)	
Number of clock hours of supervised clinical experience required prior to student teaching	60
Number of clock hours required for student teaching	360

Are there programs in which candidates are the teacher of record?

- ☐ Yes
- ☒ No

If yes, provide the next two responses. If no, leave them blank.

Programs in which candidates are the teacher of record in a classroom during the program (many alternative programs)
--

Number of clock hours of supervised clinical experience required prior to teaching as the teacher of record in a classroom	
Years required of teaching as the teacher of record in a classroom	

All Programs	
Number of full-time equivalent faculty supervising clinical experience during this academic year (IHE staff) Optional tool for automatically calculating full-time equivalent faculty in the system	4
Number of adjunct faculty supervising clinical experience during this academic year (IHE staff)	0
Number of cooperating teachers/K-12 staff supervising clinical experience during this academic year	4
Number of students in supervised clinical experience during this academic year	4

Please provide any additional information about or descriptions of the supervised clinical experiences:

Candidates must complete 360 clock hours in a supervised clinical setting. We implemented flexible options this year so that candidates would be able to work while completing student teaching. The flexible options include 3 days per week/16 weeks (plus additional 24 hours and 35 hours of seminar) – 360 hours 4 days per week/14 weeks (plus 35 hours of seminar) – 392 hours 5 days per week/11 weeks (plus 35 hours of seminar) – 385 hours? Elementary and early childhood majors complete this experience in a primary and/or intermediate grade level. Special education and music education may complete clinical teaching at an elementary, middle school, or high school level.

Enrollment and Program Completers

In each of the following categories, provide the total number of individuals enrolled in teacher preparation programs for an initial teaching credential and the subset of individuals enrolled who also completed the program during the academic year.

Native Hawaiian or Other Pacific Islander	0	0
White	0	0

Race/Ethnicity	Total Enrolled	Subset of Program Completers
Two or more races	0	0
No Race/Ethnicity Reported	0	0

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2022-23.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. [\(\\$205\(b\)\(1\)\(H\)\)](#)

What are CIP Codes?

☐

No teachers prepared in academic year 2022-23

If your program has no teachers prepared, check the box above and leave the table below blank (or [clear responses already entered](#)).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>).

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2022-23. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. [\(§205\(b\)\(1\)\(H\)\)](#)

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

Program Assurances

THIS PAGE INCLUDES:

>> [Program Assurances](#)

Respond to the following assurances. Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. [\(§205\(a\)\(1\)\(A\)\(iii\); §206\(b\)\)](#)

Program Assurances

Note: This section is preloaded from the prior year’s IPRC.

1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

- ☒ Yes
- ☐ No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

- ☒ Yes
- ☐ No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

- ☒ Yes
- ☐ No
- ☐ Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

- ☒ Yes
- ☐ No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

- ☒ Yes
- ☐ No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

- ☒ Yes
- ☐ No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

- ☒ Yes
- ☐ No

8. Describe your institution’s most successful strategies in meeting the assurances listed above:

Candidates are required to complete sixty (60) hours of observation in the local schools prior to clinical teaching to gain an understanding of the needs of the local educational agencies. Observations are completed at four different sites to give the candidate experience in diverse classrooms. Information gained from these experiences is helpful in identifying those needs. Prospective special education teachers receive coursework in core academic subjects as well as in special education courses and training in providing instruction in core academic subjects. They are required to take ED 4333 Curriculum for the Mild and Moderate Learner which deals with curriculum designs and modifications in the core content areas, ED 3343 Remediation of Content for Mild and Moderate Disabled Learner which focuses on the curriculum development in the core academic areas and ED 4313 Methods of Teaching Learners with Mild and Moderate Disabilities which deals with methods and materials used with learners with mild and moderate disabilities in

the core academic areas. All candidates are required to take SPED 3143 Survey of Exceptional Children, which gives an overview of many exceptionalities. This course examines the characteristics, needs, diagnostic information, treatment and remedial methods to work with learners with mild and moderate disabilities. This course is required for all preservice teachers regardless of major and requires a 15-hour observation in co-taught or special education classroom. Teaching learners with special needs is addressed in other courses such as ED 4232 Instructional Strategies, ED 4262 School Law and Legal Issues, ED 4242 Classroom Management, and ED 3153 Educational Sociology.

Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

Assessment Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. 2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

Candidates are required to take ED 4212 Educational Technology which involves utilization of educational media, technology and educational software. Basic production projects are required for this course. Our learning management system is Canvas. Classrooms in the School of Education are equipped with computers, projectors, document cameras, and SMARTBoards, etc. for faculty and candidate use to integrate technology in instruction. Student academic achievement is discussed ED 3232 Measurement, Assessment and Evaluation which provides candidates with the opportunity to collect, manage and analyze data for the purpose of determining ways to improve teaching and increase the academic achievement of students. During clinical teaching, candidates complete lesson plans and PPAT that demonstrates their abilities to plan, instruct, assess, and reflect. It addresses teaching, student achievement, and the collection, management, and analysis of data (pre-test results, post-test results). Additionally, candidates are required to maintain an electronic portfolio (VIA by Watermark) throughout their matriculation.

Provide the following information about your teacher preparation program.

Teacher Training

1. Provide a description of the activities that prepare general education teachers to:

a. Teach students with disabilities effectively

All candidates are required to take SPED 3143 Survey of Exceptional Children which gives an overview of exceptionalities. This course involves examining the nature and characteristics of learners with mild/moderate disabilities and methods of teaching these students. Additionally, candidates must document 15 hours of field experiences with students identified as having challenges (gifted, having limited English proficiency, students with disabilities, etc.). All candidates take Classroom Management, Measurement, Assessment and Evaluation, Educational Psychology, where they are asked to deal specifically with issues regarding students with exceptionalities within the course.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

Candidates in general teacher education are required to complete 60 hours of field experiences before entering student teaching. Within these hours, they are required to complete 15 hours in ED 3143 Survey of Exceptional Children where they engage in activities and observations with special education populations.

c. Effectively teach students who are limited English proficient.

Candidates are required to take ED 2303 Foundations of Reading in the Elementary Schools and ED 4243 Diagnostic and Remedial Reading. In these courses, these students are engaged in best practices that support the learning of limited English learners. Candidates complete a 15-hour practicum where they are required to complete a running records assessment on learners who struggle with reading to include learners who are ELL.

2. Does your program prepare special education teachers?

☒ Yes

☐ No

If yes, provide a description of the activities that prepare *special education teachers* to:

a. Teach students with disabilities effectively

All candidates are required to take SPED 3143 Survey of Exceptional Children which gives an overview of exceptionalities. This course involves examining the nature and characteristics of learners with mild/moderate disabilities and methods of teaching these students. Additionally, candidates must document 15 hours of field experiences with students identified as gifted, having limited English proficiency, or students with disabilities. All candidates take Classroom Management, Measurement, Assessment and Evaluation, Educational Psychology, where they are asked to deal specifically with issues regarding students with exceptionalities within the course.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

Candidates in Special Education complete 2 practicum experiences of 45 hours each in which candidates are given an opportunity to interact with learners with mild and moderate disabilities and to develop observation skills as a basis for identification of other educational needs. Candidates in special education complete clinical teaching in a special education classroom.

c. Effectively teach students who are limited English proficient.

Candidates are required to take ED 2303 Foundations of Reading in the Elementary Schools and ED 4243 Diagnostic and Remedial Reading.
